On August 12, 2007, A hispanic offender in 1 row 10 cell was let out by me because he was feeling hot and sick. He had said that a supervisor told him to stand in front of the fan awhile until he was feeling better. He was out awhile until he started socializing with other offenders so I was told by officer Adams to put him back in his cell.

Written in response to your request of what happened on 8-13-07 at 4:00 AM. I was at 7gate and Chum Hall door when Officer Buchanan walked toward me and said he had a none responsive Inmate on row, at that time I see there where inmate's coming from A building so I ran so I slammed the chum hall door SHUT and yelled down to Sgt Rosado that we had a none responsive on row and I went to the cell block, I went into cell 11 and turned on the light, it was obvious the Inmate was deceased, he was blue-stiff and had a faint pulse & sparse coming from his mouth and nose. I called on the radio for the infirmary and didn't get a response, so I left the cell block ran down to the infirmary got the stretcher and crash cart, took it back down to the cell block, Nurse Knard was behind me, upon entering the cell Lt Duker and Nurse Knard directed myself and Officer Buchanan to Extract the inmate from the cell, combined we placed him on the floor and I took his arms and Buchanan took his legs and we brought him out on the row, at that time Nurse Knard started CPR on inmate we lifted him and placed him on the gurney and strapped him down. We then brought him out of the cell block and to the infirmary once there I had nothing else to do with the incident.

OFFENDER DEATH

On the 12<sup>th</sup> of August 2007, I was conducting the 6pm count. When I walked to A-Building to collect all of the count sheets, Ms. Adams informed me that Offender Robles Jr., Dionicio # 1443175 H / M / MH / 45, was feeling very hot, at no time did she say that he felt like he was about to pass out. I then informed her that the offender could sit by the fan until he cooled down. I then returned to the north desk where I continued to take count. About 4 to 5 minutes later offender Robles was sent to the north desk by Ms. Adams. He began complaining that he was feeling hot, but at no time did offender Robles tell me that he felt like he was about to pass out. I then instructed offender Robles to return to his building and sit in front of the fan and drink some cool water. Offender Robles said ok and thank you before returning to A-Building. As I observed Offender Robles walk back to A-Building he did not appear to display any symptoms of heat problems that I have been trained on and as indicated by my heat distress card. I then cleared the count at 7:15 PM and walked into the office to complete some paperwork and do not recall informing Lt. Stubblefield about this incident.

I and the OIG: Dianna Green, and J.P. Richard Duncan all arrived at about 0630 in the infirmary. At 0645 I attempted to call Irma Robles and reached someone else. I then went on to long distance information for the phone number for Irma Robles there was nothing. At 0715 I checked with visitation list on long distance information found nothing. It was at 0745 I contacted Victoria County Sheriff Dept. and received a phone number 361-482-8397, I tried and made contact with a lady that hung up on me. I tried again and left a message for Irma Robles to call me back. I also had made contact with sociology dept. to retrieve information from them. It was at 0830 that I made contact with Irma Robles on her brother and told her that her brother had died. Irma Robles will claim the body.
